

## Notice inviting expression of interest

NTPC is inviting domestic expression of interest from Discoms / Bulk Consumers/ Corporates/ Industrial Consumers for supply of electricity from NTPC on round the clock/ specific hours of the day basis on short term/ medium term/ long term basis.

'NTPC Limited' a leading power generation company, has been ranked No#2 Independent Power Producer (IPP) in the world as per Platts (2020). The company is listed in stock exchange with a market capitalization of around INR 800 billion.

NTPC produces around 300 Billion units of electricity annually through its cluster of gas, coal, hydro and RE based power stations of more than 66 GW capacity spanning across the country. NTPC meets 25% of the country's power requirement through operation of diversified fleet of the generators for more than 45 years and has been supplying reliable and affordable power to the customers. NTPC plans to achieve target capacity of 130 GW by 2032 including RE capacity of 60 GW.

Most of NTPC installed capacity is tied up under long-term contracts. However, NTPC may have some spare generation capacity available for sale in open market. NTPC intends to sell this energy to the interested buyers. Further, if required, NTPC can supply green power also and is ready to install new RE capacity.

**Interested Discoms / Bulk Consumers/ Corporates/ Industrial Consumers, which intend to buy power directly from NTPC,** may indicate their requirement in the attached format and send it before 27.08.21 to below mentioned e-mail :

**commercial@ntpc.co.in, pbvenkatesh@ntpc.co.in.**

Interested buyers may choose to buy this power at NTPC bus bar or may choose to buy at their interconnection point with Interstate grid/ intrastate grid / distribution network. Also, NTPC may manage entire power purchase portfolio of the entities. The transaction can be facilitated through trading arm of NTPC i.e. NVVN.

Based on the techno commercial feasibility of supply, officials of NTPC will contact the interested buyers for further processing.

### Format of Expression of interest for procurement of power from NTPC Ltd

Name of the company	
Location where electricity is to be consumed (Place/ district/ State)	
Demand likely to be contracted (MW)	
Approximate energy requirement per day (MU)	
Connection to Grid – Voltage Level (KV)	
Point of transaction (Generator Bus Bar/ Interconnection with grid)	
Supply hours (Round the clock/ specific hours)	
Supply days (Throughout the year/ part year)	
Duration of contract (From date to date)	
Type of power required (Conventional/ RE)	
Whether interested in getting power portfolio management by NTPC	
Details of Contact Person	
Name & Designation	
Contact No	
E-mail	
Any other detail	

**Note: This information is for conducting techno commercial feasibility only and shall not be binding on any party.**

**Registered Office :** NTPC Bhawan, SCOPE Complex, 7, Institutional Area, Lodhi Road, New Delhi-110 003, **CIN:** L40101DL1975GOI007966
